

Analyzing 3D Shapes

Analyzing 3D Shapes

Materials:

- 3D shapes
- Math journal or recording sheet

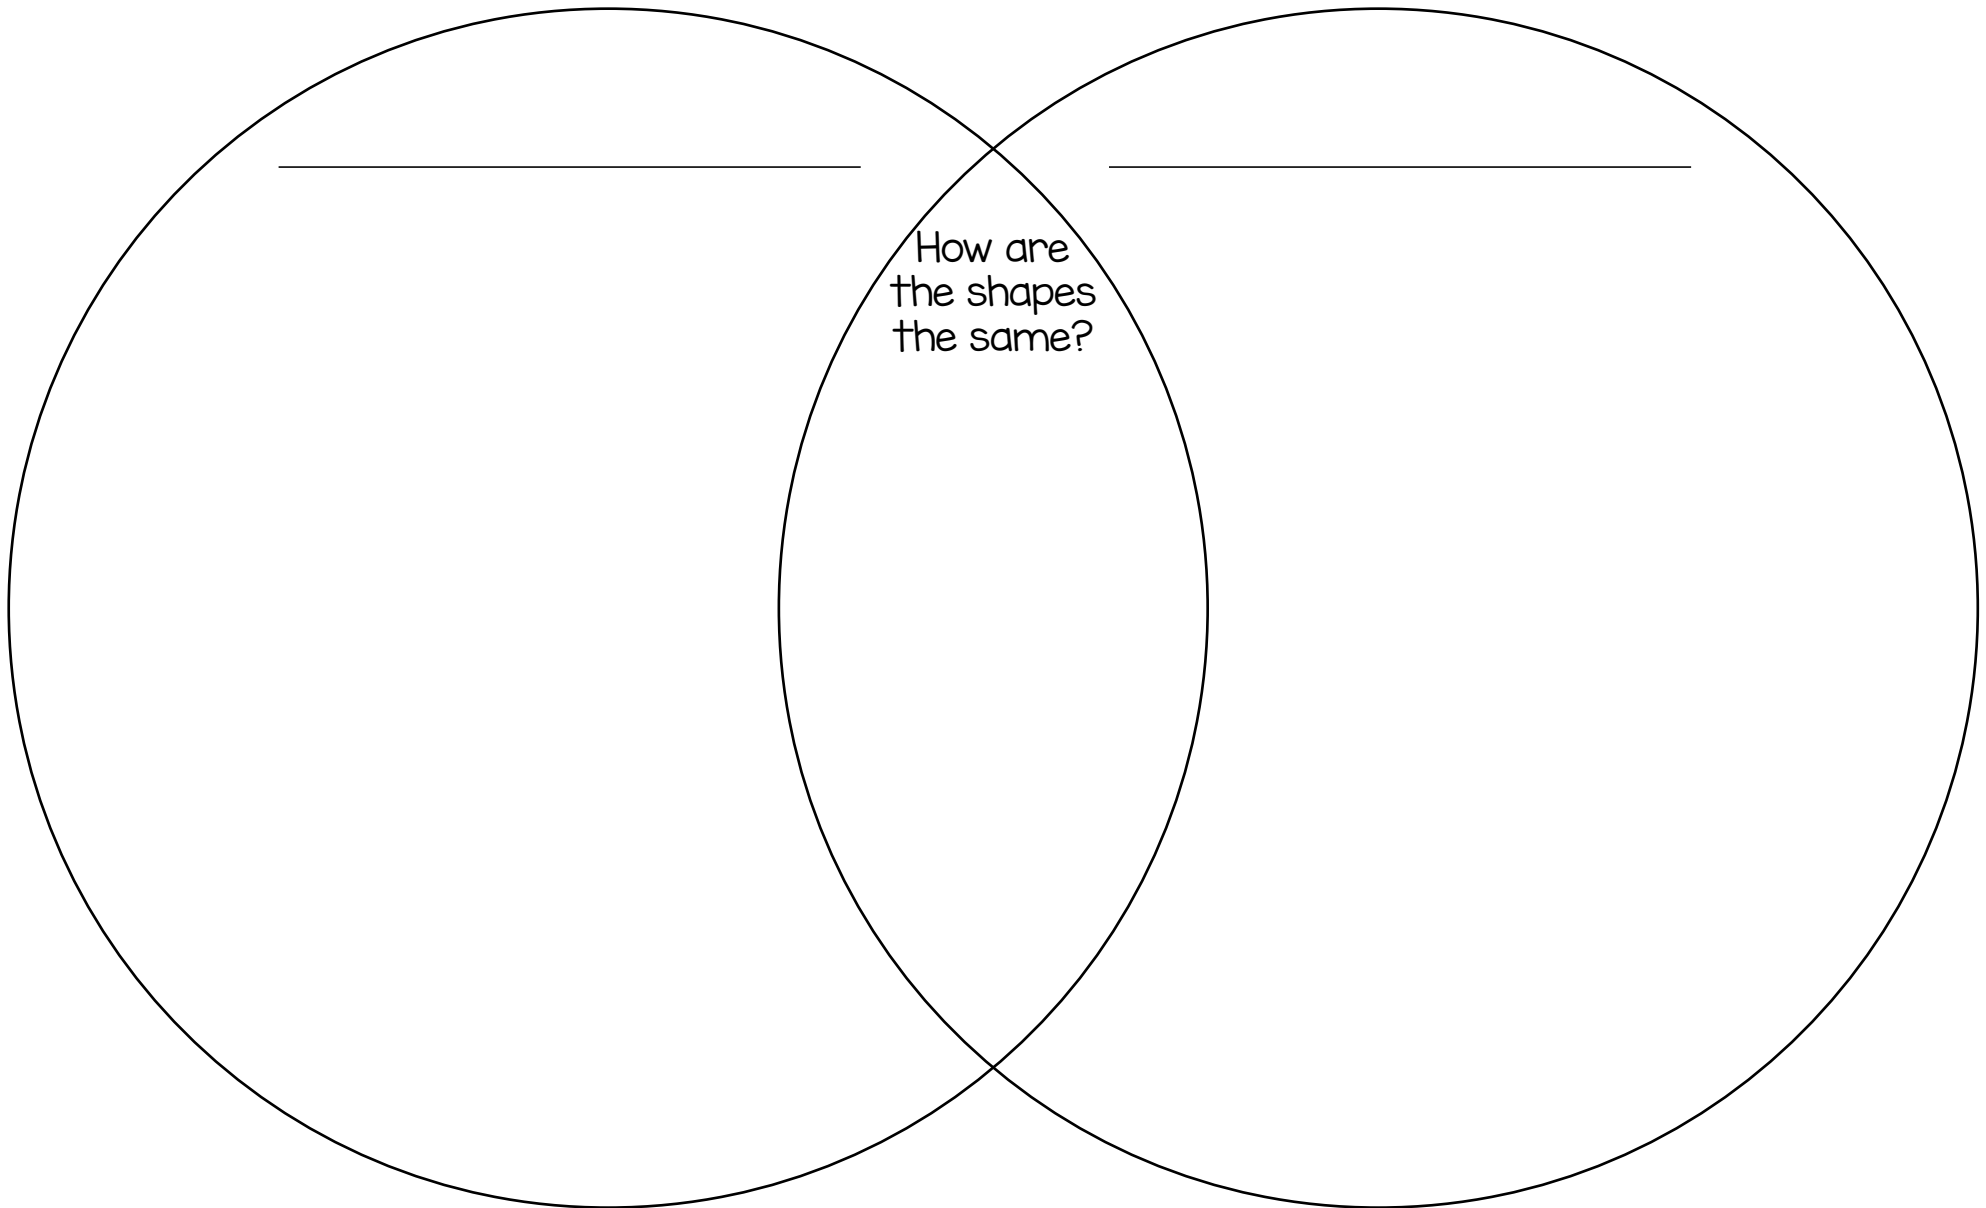

Directions:

- 1) Select two different 3D shapes.
- 2) Draw and label each shape.
- 3) Discuss and write how the shapes you selected are the same and different from each other by describing their attributes and using shapes vocabulary.

Name _____

Date _____

Recording Sheet - Analyzing 3D Shapes

How are
the shapes
the same?
