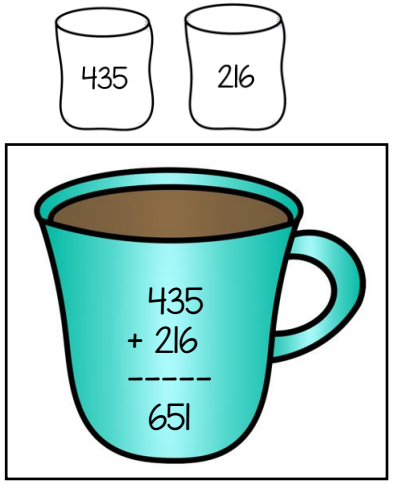
Dunking Marshmallows

Three-Digit Addition



Dunking Marshmallows

Materials:

- Mug Mat (laminated or in a sheet protector)
- Marshmallow number cards
- Recording sheet
- Dry erase markers

Directions:

1) Pick two marshmallow cards and place them on the mug mat.
2) Use the two numbers to make an addition problem and write it on the mug.
3) Solve the addition problem and write the answer on the mug.
4) On the recording sheet, write the addition problem and show how you solved it.
5) Your partner may use a calculator to check the sum.
