

2.MD.A.4

Comparing Length in Centimeters

Comparing Length in Centimeters

Materials:

- Centimeter rulers
- Recording sheet
- Classroom objects to measure

Directions:

- 1) Work with a partner. Estimate the length of 5 different classroom objects to the nearest centimeter. Record your estimates on the recording sheet.
- 2) Use a ruler to measure the length of each object to the nearest centimeter. Record the measurements on the recording sheet.
- 3) Complete the questions on the recording sheet.
- 4) If you have more time, estimate and measure five more objects.

Name _____

Date _____

Recording Sheet - Comparing Length in Centimeters

Object	Estimated Length	Actual Length

Which object is the longest? _____
