Multiplication Connect Four

Materials:

- Gameboard
- 2 paper clips
- Game markers (approximately 15 of one color per player)

Directions:

- 1) Player one places paper clips on two numbers at the bottom of the page.
- 2) Player one multiplies the two numbers and places a marker on the correct product.
- 3) Player two can move only one of the paper clips at the bottom of the page.
- 4) Player two multiplies the two numbers and places a marker on the correct product.
- 5) Both paper clips may be placed on the same number.
- 6) Play continues until one player has 4 markers in a row, horizontally, vertically or diagonally.
