

Number Memory

Three-digit numbers

Number Memory

Materials:

- Number memory cards

Directions:

- 1) Shuffle the cards. Arrange the cards facedown creating three rows and eight columns.
- 2) Take turns flipping over two different cards.
- 3) If the cards match, you keep them. If the cards do not match, turn them back over in the same position.
- 4) The game is over when all cards have been matched.
- 5) The player with the most cards wins the match.
