

Screaming for Ice Cream

A Division Facts Game

Screaming for Ice Cream: Dividing by 1, 2, 3, 4, and 5

	2 ÷ 2	20 ÷ 5	35 ÷ 5	20 ÷ 4	18 ÷ 3	25 ÷ 5	27 ÷ 3	
	21 ÷ 3	14 ÷ 2	50 ÷ 5	4 ÷ 2	20 ÷ 2	15 ÷ 3	16 ÷ 4	
	24 ÷ 4	8 ÷ 1	24 ÷ 3	3 ÷ 3	12 ÷ 2	12 ÷ 4	7 ÷ 1	
	6 ÷ 3	45 ÷ 5	8 ÷ 4	12 ÷ 3	28 ÷ 4	2 ÷ 1	10 ÷ 2	
	8 ÷ 2	4 ÷ 1	32 ÷ 4	15 ÷ 5	9 ÷ 3	40 ÷ 4	18 ÷ 2	
	10 ÷ 5	36 ÷ 4	16 ÷ 2	5 ÷ 1	40 ÷ 5	4 ÷ 4	30 ÷ 5	

Screaming for Ice Cream

Materials:

- Game board
- Counters to cover spaces or dry erase marker
- 1 die or number cube
- Multiplication chart or calculator to check answers

Directions:

- 1) Player 1 rolls the die. On the game board, he finds the path next to the die with the same number as he rolled. He solves the first division problem in that row.
- 2) Player 2 checks the answer using the multiplication chart or the calculator.
- 3) If player 1 is correct, he covers the space with a counter or draws an X on it with the dry erase marker. If he is incorrect, the space remains uncovered, and player 2 takes his turn.
- 4) Continue taking turns and covering the spaces.
- 5) The first player to reach an ice cream cone by covering the last space on the path is the winner.

Variations:

- 1) Differentiate the station by using the different game boards.
