Who Has More?

Spin, Build, and Compare

Adapted from Learn Zillion

Who Has More?

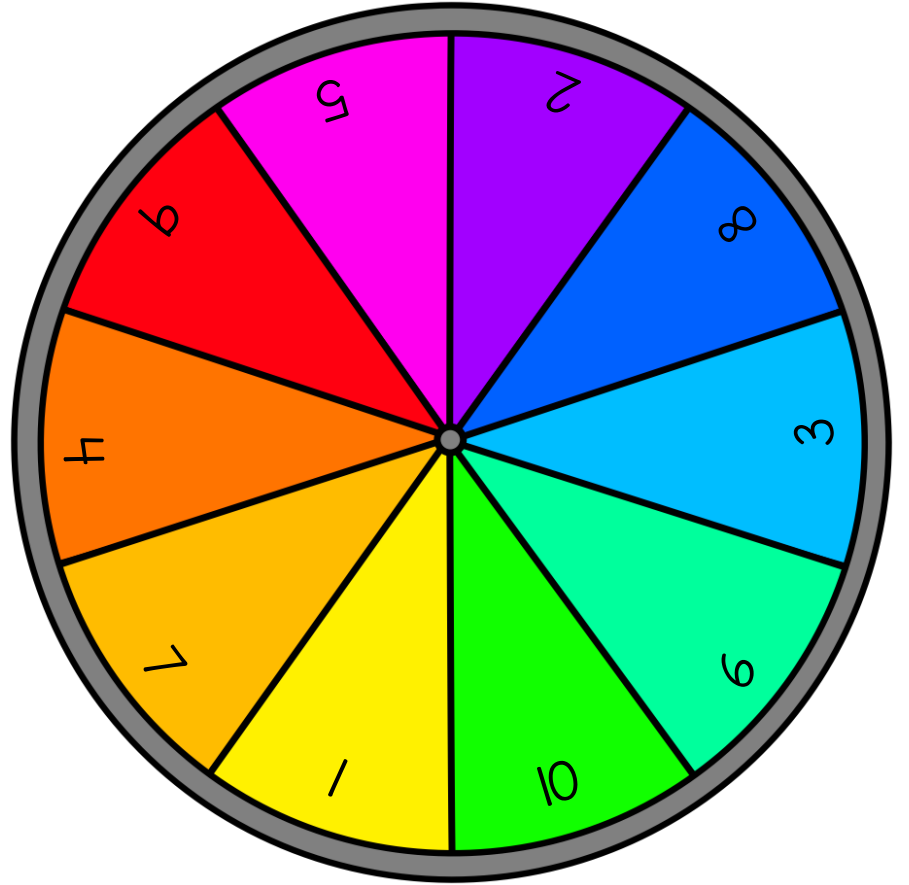

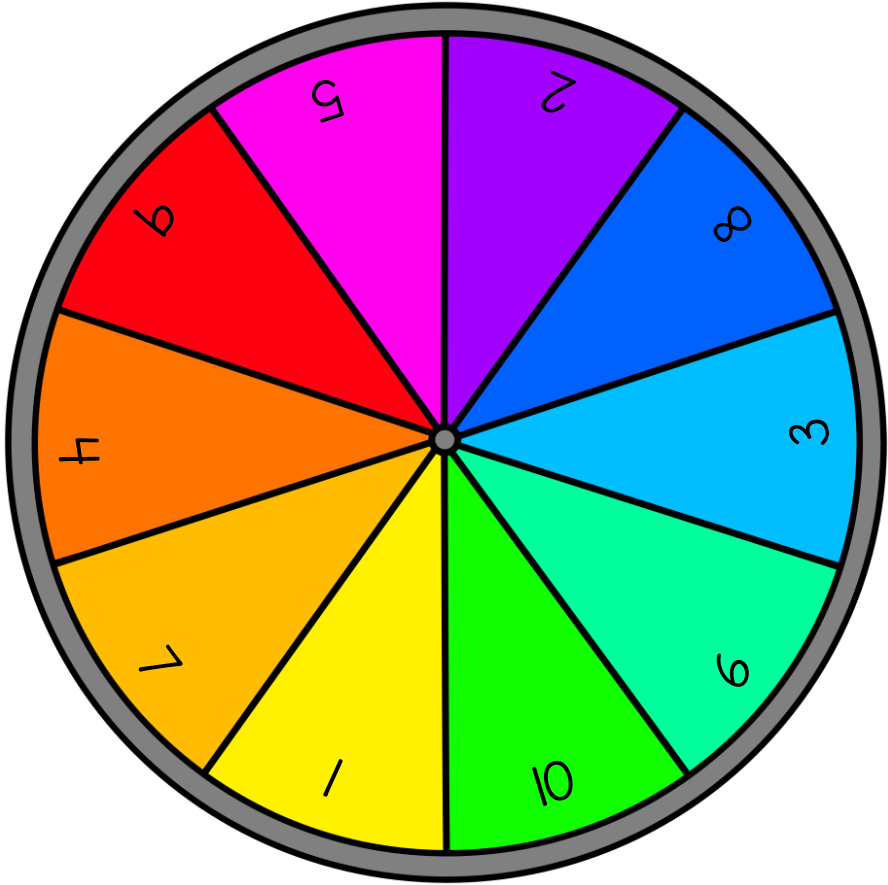

Materials:

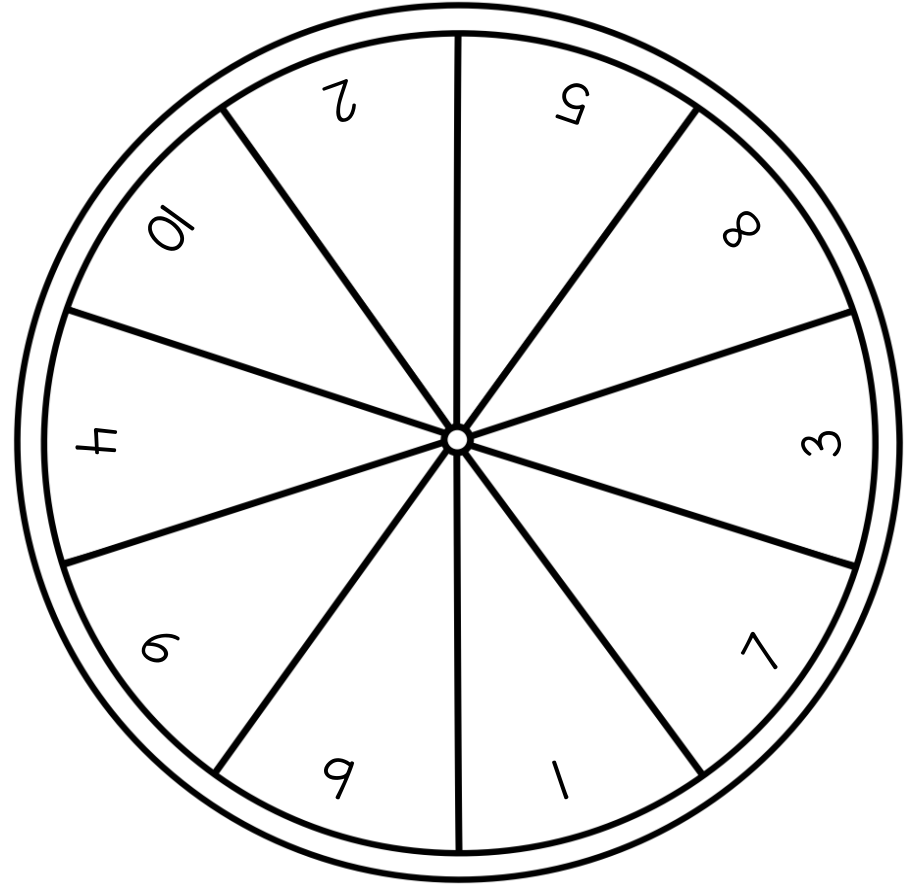

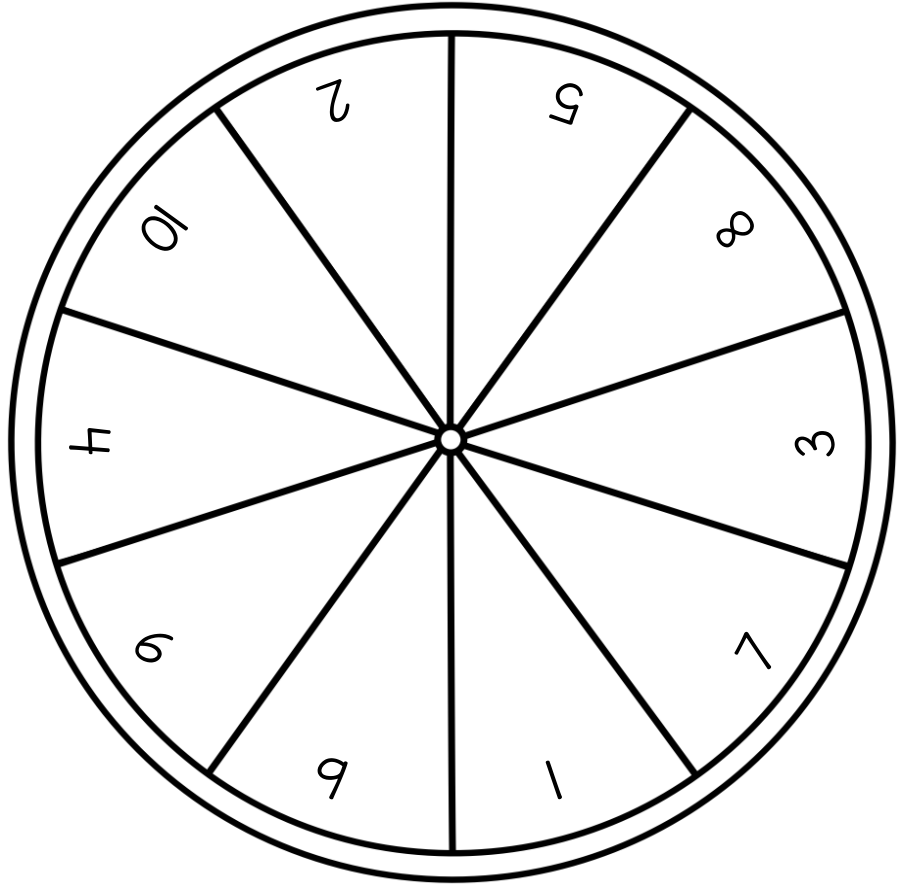

- Number spinner
- Ten frames
- 20 counters for each player

Directions:

- 1) Player 1 spins the number spinner and builds the number on his/her ten frame.
- 2) Player 2 spins the number spinner and builds the number on his/her ten frame.
- 3) Players compare their numbers and decide who has more. The player who has more collects one counter. (If both players spin the same number, spin again.)
- 4) Keep playing. The first player to collect 10 counters wins.

I have _____.

You have _____.

_____ is greater than _____.
