

# Fraction Blackout

Fraction Blackout Game Board

$$\frac{3}{3}$$

Adapted from Howard County

# Fraction Blackout

## Materials:

- Game board for each player
- Fraction cards

## Directions:

- 1) Play with a partner.
- 2) Put the fraction cards face down in a pile on the table.
- 3) On your turn, take a fraction card from the top of the pile.
  - If you have that fraction on your game board, shade it in, once. You can also shade equivalent fractions. For example, if you choose  $\frac{1}{2}$ , you can shade in four  $\frac{1}{8}$ .
  - If you cannot shade in that fraction or an equivalent fraction, your turn is over.
- 4) Continue taking turns until there are no more cards in the pile. The player with the greatest number of one wholes wins the game.
