# It's Survey Time!

## Materials:

- Survey cards
- Math journal
- Graph paper
- Colored pencils

## Directions:

- 1) Create a survey question with at least four possible responses. You can write one of your own, or you can use the survey cards.
- 2) Survey each student in the class and record your data in a tally chart.
- 3) Use your data to make a bar graph. Be sure to give your graph a title and label the axis.
- 4) Write four questions that can be answered from your graph.  
Example: What is the difference...?  
How many more/less...?  
How many total chose \_\_\_\_\_ or \_\_\_\_\_ ?
- 5) Write the answer to each question in a complete sentence.
